

STARWOOD ENERGY GROUP TO ACQUIRE QUAIL RUN ENERGY CENTER
The 550 megawatt natural gas facility supplies power to the Texas market.

Greenwich, CT – September 29, 2014 – Starwood Energy Group Global, LLC, a leading private investment firm focused on energy infrastructure, announced today that an affiliate has entered into an agreement with affiliates of Exelon Corp. to acquire a natural gas combined cycle electric power generating facility in Odessa, Texas.

The electric power generating facility, located in the Permian Basin region of west Texas, began commercial operations in 2007 and has a nominal capacity of 550 megawatts. The facility provides electric power to the Electric Reliability Council of Texas (ERCOT) system, a power market serving 24 million Texas customers and representing about 90 percent of the state's electric load.

The transaction is subject to customary conditions and regulatory approvals and is expected to close in the fourth quarter of 2014. Financial terms of the transaction were not disclosed.
